

Exercising Dominion by The Spirit

Do you see how your body responds to the voice of My Spirit even when your mind does not comprehend those things that are being spoken? Do you see how your body responds to the spirit man? You have thought that the body only responds to the soul. But the body responds to the spirit. The power comes from your spirit, son. Your mind has little to play in it. The power, the anointing, flows from the spirit man. Your body is subject to your spirit, not your mind. Your body understands even when your mind does not. Your body will raise its arms. Your body will bow. Your body will walk. Your body will stop walking, as I have shown you this day based on your spirit man's voice alone. Your body will respond to your spirit man even when your mind does not know what is being spoken.

I gave you this demonstration to give you a new level of understanding; Son, all things are subject to the spirit man, not the soul. Even when the soul lacks understanding, the spirit man controls. Your spirit man within controls. Holy, white, pure, clean, powerful is your spirit. You rule by the dominion of your spirit. By your spirit which has been created in the likeness of My Son. Dominate by your spirit, son. Let Me anoint your spirit with dominion. Turn to your spirit who is in touch with Me, who is in fellowship with Me, who is in contact with Me. Let the power flow directly from My Spirit to your spirit to the world.

In the world men dominate through the forces that flow through the intellect, the mind, the will and the emotions. In the world system the mind is god. But in My kingdom, says the Lord, rulership and dominion is exercised by the spirit man.

I have good news for you, says the Lord. Understand this presently, says the Lord. You will become expert at exercising dominion by the spirit. And I know that seems strange to you now for you have so depended on your mind all of your life. You have even depended upon your mind to establish right relationship with Me. But I fellowship by the Spirit. I exercise dominion by the Spirit. I lead by the Spirit. The path that you have chosen, which is the path that I have set for you, leads to rulership and dominion by the Spirit, not through the mind. You will learn how to rule by your spirit to exercise My will in the earth even when your mind has not a clue as to what is going on. I will train you and I am training you now in this walk of the Spirit, says the Lord.

Understanding of the mind is good. Understanding of the mind helps you walk in peace. But the understanding of the mind is not necessary for the dominion by the spirit to be exercised in the earth. Even as you saw your body respond to the voice of your spirit as your spirit responded in obedience to Me, with your mind wondering, "Why is my body doing that?", you will learn to walk expertly in this for I have chose this path for you, says the Lord. "Dominion by the Spirit," that which you called to Me for, that for which you have made request for more than a year's time..."Dominion by the Spirit" is yours, says the Lord. The training has begun. It will not take long. I have ways, I have means, I have methods, and I have training for you, says the Lord.
