

PLEASURE

Excerpts From Dave Roberson Prophecies

The main line of the foundation of the apostles was the understanding of who you became in Christ. And did I not send My Spirit to lead and guide you into all truth and to expound and cause you to understand and bring things back to remembrance that I may teach you?

For the reason that My Church is in the condition that it is in, is because they do not understand their foundation or who they are in Me. Therefore, for many generations, many of My children have had nothing but sand to build their lives, their ministries, and their walks upon.

But I would say to you that as soon as, in any generation, I find any of My servants who will hear My voice and adopt the Holy Spirit as their Teacher, I have many things to say. For I will raise them up and they will not take the glory, for it will not be the man, but it will be My message, says the Lord.

Oh, they will give Me all the glory that I will begin change, for in every generation, whoever would hear Me, I would start the same thing over and over again. For as you know from the writings of those who went before you, that they would understand and the generations after would lose [the understanding], then they would understand again. Well, I am lining up for a great move, says the Lord. Be strong, be of good cheer, for it is the Father's good **pleasure** to place you in the center of it.

Even though, from generation to generation, I have been able to visit and get so far past the foundation, it is very seldom I get to expound on the love of money being the root of all evil. Very, very, very few times I have been able to establish the slave, servant.

The one path He made many times, but the path where men totally freed themselves from the love of money as the root of all evil was very far and few between.

And the Father wants to express that He is extremely pleased that both of those paths have found their way out of here. He was very pleased that the two things that turn revival—He is able to establish a path out of them. And He wants you to know that He is extremely pleased.

It is the Father's good **pleasure** to pick you up out of your tests and trials and to comfort you and to strengthen you. But oh, He receives great **pleasure** when you are to the place where you do not have to be picked up to release that kind of fellowship in His Presence, that you can release it before—in the middle of anything—because your fellowship has come to that with Him. He said He likes that place better.
