

My Lord Jesus has sent me into our Father's garden to dress it and to keep it. An enemy has brought great ruin to my Father's garden. I have authority from my Lord Jesus, and power by the Holy Spirit, to restore all the damage that this enemy has done ... and to drive the enemy from my Father's garden wherever I find him. This is the will of my Father. Jesus sent me as He was sent, that all things be restored to the Father's original intent and purpose.
